Part A: Pupil premium strategy plan

Statement of intent

Our intent is to ensure that the gap between the attainment and progress of pupil premium and non-pupil premium pupils both within school and nationally is closed. To ensure that pupil premium children gain the social and emotional skills to access the knowledge curriculum and develop a love of learning.

To identify the challenges that our pupil premium children face and the ways that these will be addressed, using research on the most effective strategies provided by the Education Endowment Foundation (EEF).

Our objectives are to:

- ✓ Remove barriers to learning created by social and economic background
- ✓ Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum
- ✓ Develop confidence in their ability to communicate effectively in a wide range of contexts
- ✓ Enable pupils to nurture their social and emotional wellbeing and to develop resilience
- ✓ Access a wide range of enrichment opportunities to enhance their knowledge and understanding of the world and raise aspirations.

Achieving our objectives:

In order to achieve our objectives and overcome identified barriers to learning we will:

- ✓ Provide all teachers with high quality CPD to ensure that pupils access effective quality first teaching
- ✓ Provide targeted support to quickly address identified gaps in learning
- ✓ Target funding to ensure that all pupils have access to trips, residential visits and first hand learning experiences
- ✓ Provide opportunities for all pupils to participate in enrichment activities including sport and music
- ✓ Provide nurture to support pupils in their emotional and social development.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attainment in phonics, reading, writing and maths
2	Low attainment on entry to the Early Years Foundation Stage in speech, language and communication
3	Access to wider opportunities
4	Parental Engagement
5	Attendance

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account. Given this, please point to any other pupil evaluations undertaken during the 2020 to 2021 academic year, for example, standardised teacher administered tests or diagnostic assessments such as rubrics or scales.

If last year marked the end of a previous pupil premium strategy plan, what is your assessment of how successfully the intended outcomes of that plan were met?
