Seaweed

 West Norfolk Academies Trust
 Key knowledge Summer 2

I know words about the seashore  
 I know some creatures and plants that we find in rock pools  
 I know that we need to stay safe near water

Key Vocabulary	Definition
Cliffs	A steep rocky or chalky face especially near the edge of the sea
Seashore	Sandy, stony land near the edge of the sea which has a special habitat for seashore creatures
Shellfish	A creature with a shell like a crab, shrimp, mussel, barnacle, cockle
Rock Pool	A pool of water along the rocks near a shoreline
Seaweed	Plant life that lives in the salty seawater
